

School* (K-12) Immunization Requirements in Arizona
2013-2014 School Year for Children Under 7

Immunizations	1 st Dose	2 nd Dose	3 rd Dose	4 th Dose	5 th Dose	6 th Dose
<u>(DTaP/DTP) Diphtheria, Tetanus & Pertussis, (DT) Diphtheria & Tetanus</u>	Required	Required	Required	Required. Must be at least 6 months after dose #3.	Required if dose #4 was before the 4 th birthday. Not needed if dose #4 was on/after 4 th birthday.	Required only if 5 doses were given before the 4 th birthday. 6 doses meet the requirement even if all were given before age 4 years.
An interval of at least 4 weeks is required between the first 3 doses of DTaP/DTP/DT . An interval of 6 months is required between the 3 rd and 4 th doses.						
<u>(IPV/OPV) Polio</u>	Required	Required	Required	Required if the first three doses were all given before age 4.		
An interval of at least 4 weeks is required between all Polio doses. Refer children for the final dose 6 months after the previous dose, per new recommendations. <u>Children who received 4 Polio doses spaced 4 weeks apart are not required to repeat any doses in order to attend school.</u>						
<u>(MMR) Measles, Mumps, & Rubella</u>	Required	Required				
MMR #1 is due at 12-15 months of age. An interval of 4 weeks is required between MMR #1 and MMR #2. Doses of varicella vaccine and MMR must be separated by at least 28 days unless they are administered on the same day.						
<u>(Hep B) Hepatitis B</u>	Required	Required	Required. Must be at least 24 weeks of age.	Required only if dose #3 was given before 24 weeks of age.		
Hep B #1 may be given at birth. Dose #2 is due 4-8 weeks after dose #1. Dose #3 is due 2-5 months after dose #2, at least 4 months after dose #1 and no sooner than 24 weeks of age.						
<u>Varicella (Chicken Pox)</u>	Required*	<u>Recommended</u> <u>Not required.</u>				

Only students who entered school or childcare in Arizona prior to 9/1/2011 with parental recall of chicken pox disease are allowed to continue attending school in Arizona without proof of varicella immunization or exemption. After 9/1/2011 children whose health care providers can document their history of chicken pox need to obtain a medical exemption signed by the physician. Doses of varicella vaccine and MMR must be separated by at least 28 days unless they are administered on the same day.
